

**SELTZER... THE HEALTHY (NO-CALORIE)
ALTERNATIVE TO SOFT DRINKS**

Your Sparkling Water Will Never Go Flat Again
Our bottle top is a valve, allowing you to spritz exactly what you want while still maintaining full carbonation in the pressurized bottle until it is empty. All other bottles of seltzer immediately go flat as soon as you open them, because all the pressure escapes.

Convenience and Personalized Delivery Service
We can schedule reminders based on your usage to keep your supply fresh.

You'll be Helping the Environment
Our durable bottles are picked up from you without an extra trip, then sterilized, locally bottled, and used again, hundreds of times!

Spritzers Will Always be Light and Lively
The extra carbonation in our seltzer will stay crisp even when mixed with your favorite juices.

Seltzer is Good for Your Health
Our highly purified bubbly makes drinking your daily recommended amount of water a lot more fun!

ALL THIS AND DELIVERED RIGHT TO YOUR DOOR!

MEMORIES IN A BOTTLE

The word "seltzer" comes from Niederselters, Germany, whose natural pools of carbonated water were said to ease digestion. When Eastern European immigrants settled in this country in the late 1800's, they brought their seltzer tradition with them.

Seltzer drinking never really went out of style. In fact, almost every New Yorker, young or old, still love their egg creams and flavored seltzer drinks.

"Seltzer Sisters made my Bat Mitzvah party extra-special! They are an enchantingly effervescent enterprise no one else can emulate!"

Sarah Maibach, age 13

"Seltzer Sisters provides the most refreshing drink in the world! Raised in a Jewish family in the Bronx, I remember having seltzer at the dinner table every night—and their home delivery service is a continuation of a healthy family tradition."

Marilyn Richardson, Home Delivery Customer for over 20 years

THE NEW YORK EGG CREAM

A Traditional, Low Calorie Favorite:

3 oz. milk
2/3 cup cold seltzer
Pour 2 oz. Fox's U-Bet chocolate syrup into a 12 ounce glass
Add milk and stir
Slowly add seltzer, stirring quickly to create a foamy head
Serve immediately

Seltzer Sisters' Seltzer Bar—a great conversation piece for parties and special events.

RESTAURANT BARS ARE MAKING A BIG SPLASH WITH SPECIALTY SELTZER DRINKS!

Seltzer Sisters has reinvented an old classic and is making every night a very special event at many Bay Area restaurants... Whether you're making scotch and soda or Mojito drinks or spritzers, their bar-top dispenser is sure to make a big splash!

Seltzer Sisters' products add an unusual flair to a bartender's style.

Instead of the standard twist and pour, they can now "spritz" and add an extra sparkle to their bar service! Antique siphon dispenser bottles range from 50 to 100 years old and are quite the conversation piece at well-known restaurants and bars throughout the Bay Area.

"Thanks to Kathryn and her team, the Seltzer Sisters delighted our guests with a top-quality product and 5-Star service!"

The American Center for Wine Food and the Arts,
Napa, CA

FUN FOR ALL AGES WITH A THIRST FOR A GREAT PARTY!

The Seltzer Sisters will work with your caterer of choice to design the perfect beverage entertainment area to sparkle up your next event.

Our Seltzer bar can mix over 25 varieties of drinks, from Italian sodas to egg creams and root beer floats, and other specialty drinks — with alcohol, or without.

For your next party (Bar or Bat Mitzvah, wedding, anniversary, fund raiser, etc.) or business event, why not try something different that's guaranteed to sparkle up your next event with fun, healthy and non-alcoholic beverages? It's also a great way to keep the kids occupied and entertained at family events!

"The Seltzer Sisters is the most stylish and highest quality Bar Product of the Times"

SELTZER SISTERS... THE ONLY HOME DELIVERY SELTZER COMPANY IN NORTHERN CALIFORNIA

Founded in 1985, and purchased by current owner, Kathryn Renz in 2004, has been supplying bubbly water in refillable siphon bottles to hundreds of private homes and restaurants throughout the Bay Area. On any given day, customers receive delivery of their healthy bubbly in 50-ounce plastic bottles or 26-ounce antique glass bottles.

PURITY & "FIZZICAL" THERAPY IN A BOTTLE

The Seltzer Sisters' product starts with water from the highly acclaimed Hetch Hetchy system. Their state-of-the-art filtration equipment includes carbon, ultra violet and barrier filtration down to .5 micron. The water is chilled, mixed with pure CO2 and pressurized at 135 psi.

Besides their high quality of water, Seltzer Sisters uses no sodium and their special siphon bottles last indefinitely. (unlike the store-bought seltzer that you must drink the day you open the bottle or it will go flat!).

"Seltzer Sisters is one of my favorite things about working at the Orbit Room. Mixing with classic seltzer makes a better cocktail, no question, and the bottles are beautiful and historical, each one etched with the logo of a seltzer company whose doors have closed long before. Each time I pick up a bottle I feel proud to be carrying on an important cocktail tradition and almost forgotten part of our national heritage."

Alberta Straub, Bartender/Mixologist
The Orbit Room, San Francisco
